Intro: F Am C

F  
If we wrote our story  
Am C  
We wouldn't be writing for very long  
F  
We'd skip the first chapters  
Am C  
And get to the climax and we'd stay forever  
F Am  
I would be timid at first until the whisky  
C  
Then I'd be timid no more  
F Am  
Couple charming looks and some funny words  
C  
I'd show you mine  
Em  
You'd show me yours too

F  
Now I lie awake  
Am Em  
I died those nights you had me in your eyes  
F  
I want you back baby  
Am  
I want your name in my songs  
Em  
Your warmth in my lungs  
F

I want to breathe you

( F Am C Em )

F Am

And most of the time  
Em  
You smiled like a child  
  
You smile like a child

F  
Now I lie awake  
Am Em  
I died those nights I had you in my eyes

I want you back baby

I want your name in my songs
