Tom: **G**

Intro: **G C**

**G** **C**  
 You never know the weight of your crimes  
**G** **C**  
 But when all the gates have closed and you're tired  
**G** **C**  
 You stand a while by the fire And it burns bright  
**G** **C**  
 A while, a while, you sit quiet  
**G** **C**  
 Inside you're so warm  
**G** **C**  
 Your eyes open up  
**G** **C**  
 To the sunrise To the sunrise  
**G** **C**  
 Far from here  
**G C**  
**G** **C**  
 I never know the state that you're in  
**G** **C**  
 It's obvious to climb in your skin  
**G** **C**  
 But I know how to walk across

**G** **C**  
 When it's silent inside, it feels right  
**G** **C**  
 Inside you're so warm  
**G** **C**  
 Your eyes open up  
**G** **C**  
 To the sunrise, to the sunrise  
**G** **C**  
 Cause I want you to know That I know  
**G** **C**  
 Cause I want you to know That I know  
**G** **C**  
 Cause I want you to know That I know  
**G** **C**  
 Cause I want you to know That I know  
**G** **C**  
 Cause I want you to know That I know  
**G** **C**  
 (God made man And his reason)  
**G** **C**  
 Cause I want you to know That I know  
**G** **C**  
 (God made man And his reason)  
**G** **C**  
 Cause I want you to know That I know  
**G** **C**  
 (God made man And his reason)  
**G** **C**  
 Cause I want you to know That I know
