

## Young The Giant - You + I

```
tom:
Intro: F7M G Bb F7M
[1ª Parte]
Here at the party I came to alone
Ramblers are rambling, you stared at your phone
I'll stick around if you stick around too
I wanna know why you hide in your hair
Where do you go when you glide down the stairs
I'll stick around if you stick around too
[Refrão]
You and I break out just a matter of time
There's a reason we don't live forever
Reason we don't live forever
You and I break out just a matter of time
There's a reason we don't live forever
Reason we don't live forever
[2ª Parte]
Waking with you in the home that we've made
Dishes are dirty and bills to be paid
I'll stick around if you stick around too
[Refrão]
