Intro:

I'm eleven minutes away and I have missed you all day

I'm eleven minutes away, so why aren't you here?

[Primeira Parte]

I think I missed you calling on the other line
I'm just thinking honest, got something in mind
Talk a lot but I can't even read the signs
I would sell my soul for a bit more time

You're staining on my body like you're red wine
You're the fucking acid to my alkaline
You run your middle finger up and down my spine
I'm sorry there was no one to apologize

[Pré-Refrão]

I'm so fuckin sorry, I'm so fuckin sorry
I've been playing somebody and it's helping nobody
And her lipstick arithmetic didn't stick
And now I'm sick, throwing fits and yeah
I've seen you in my head every fuckin' day since I left
You on the floor with your hands 'round your head
And I'm down and depressed, all I want is your head
On my chest, touchin' feet

[Refrão]

I'm eleven minutes away and I have missed you all day
I'm eleven minutes away, so why aren't you here?
You're eleven minutes away and I have missed you all day
You're eleven minutes away, so why aren't you here?
Tell me what you need, I can make you more than what you are
Come and lay the roses on the floor, every single Sunday on

your board

I just want to freeze, I can give you more than what you want

Now I see you standing all alone, I never thought the world would turn to stone

[Ponte]

So call me stupid, call me sad
You're the best I've ever had
You're the worst I've ever had
And that keeps fucking with my head

Call me stupid, call me sad
You're the best I've ever had
You're the worst I've ever had
And that keeps fucking with my head

[Refrão]

I'm eleven minutes away and I have missed you all day
I'm eleven minutes away, so why aren't you here?
You're eleven minutes away and I have missed you all day
You're eleven minutes away, so why aren't you here (why aren't you here?)

[Ponte]

So call me stupid, call me sad
You're the best I've ever had
You're the worst I've ever had
And that keeps fucking with my head

Call me stupid, call me sad
You're the best I've ever had
You're the worst I've ever had
And that keeps fucking with my head

You're eleven minutes away and I have missed you all day
So why aren't you here?
Why aren't you here, why aren't you here
Why aren't you here?
