[Primeira Parte]

B  
I see the distant smoke across the

Waterway  
Gbm  
I'd swim a thousand miles just to hear

You say  
A  
The words that never come when you need

Them most  
E  
To dry your eyes out

B  
Is it your mother's tongue? Or your

Father's ghosts?  
Gbm  
Remember sticks and stones and how they

Broke your bones  
A  
Pain is how you learn, boy, you learned  
A lot

E  
When they hit you in the face, and you

Begged them all to stop  
B  
Until you rose up again

Gbm  
And you tried your best to surrender  
A

Bowed down your head  
E  
Then you looked up to the sky and said

[Refrão]

B  
"My God, what a beautiful scene  
Gbm  
Now I know what you mean, wanna stay

Here forever  
A  
God, what a beautiful scene  
E  
Now I know what you mean, you're my

Gateway to Heaven"

( B Gbm A E )

[Segunda Parte]

## Acordes

B

From underneath the dust, you see the

Curtain call  
Gbm  
Can't bare to watch another generation

Stall

To the hands of greed that will take it

All

And cut your heart out

B  
See the face in the shadow  
Gbm

A  
Just a thread in the seams  
We'll be ghosts by tomorrow

E  
Just a day in a dream

B  
But you'll rise up again

My friends, don't wait
