Today you made me feel irrelevant

Twisted my intelligence

Made it seem there's no brain in my head

I'm like a skeleton

Can't shut my eyes

Right now i feel like i'm an alien

I'm so fucking dangerous

Cover up the evidence with medicine

I can't find the light

All i wanna do is kill somebody
Kill somebody, kill somebody like you
You, you, you, you

All i wanna do is kill somebody
Kill somebody, kill somebody like you
You, you, you, you

Today you turned me like a cork screw
Filed me like a lawsuit
(put words in my mouth
That i don't want you to)
And i lost my clout

And my time is acting as my currency
You can't take that away from me
Cheat the young with no accountability

shoot me down

All i wanna do is kill somebody
Kill somebody, kill somebody like you
You, you, you, you

All i wanna do is kill somebody
Kill somebody, kill somebody like you
You, you, you, you

Right, right now i feel like an alien
Like i'm sitting in a state of perpetual frustration
Go on, shove me again, fuck with my head
Leave me for dead, please?

And yet you may think
You may think this is a metaphor
Something you've never heard before

A note i found on the floor and then subconsciously pinned to the door
but then you motherfuckers could cross
A mountain and i still won't believe what you thought

All i wanna do is kill somebody
Kill somebody, kill somebody like you
You, you, you, you

All i wanna do is kill somebody
Kill somebody, kill somebody like you
You, you, you, you

All i wanna do is kill somebody
Kill somebody, kill somebody like you
You, you, you, you
