

Zac Brown Band - Give It Away

tom:

Ab (forma dos acordes no tom de F)

Capostrate na 3ª casa

Intro: D C G D C G D C G

[Primeira Parte]

Yea we talk too much, maybe we should be listening
 And the brakes worn out on the human condition
 All in all we let go when we can
 Slow it down this just might be our chance

[Refrão]

Every night baby we should be dancing
 Every old chain breaking away
 We got a long life but we got good love
 We got a short time to give it away
 Give it away, give it away
 We got a long life but we got good love
 We got a short time to give it away

[Segunda Parte]

Take a sip of the sadness of the world and you're gonna feel it
 Take a swim in the goodness all around and you're gonna keep it
 Plant yourself somewhere you can grow
 And share a little light everywhere you go

[Refrão]

Every night baby we should be dancing

Every old chain breaking away

We got a long life but we got good love

We got a short time to give it away

Give it away, give it away

We got a long life but we got good love

We got a short time to give it away

Every night baby we should be dancing

Every old chain breaking away

We got a long life but we got good love

We got a short time to give it away

Give it away, give it away

We got a long life but we got good love

We got a short time to give it away

Aw now give it away
