

# Zach Bryan - Loom

tom:  
Capo: Ab (forma dos acordes no tom de G)  
Intro: Am G C

[Primeira Parte]

Am G C  
How do I make you fall in love with me?  
Am G C  
And how do I let you know I care?  
Am G C  
And how would I say that the man you're laying with  
Am G C  
Is not the man that should be laying there?

Am G C  
How would a boy like me put it?  
Am G C  
A man with some sense probably wouldn't  
Am G C  
But I don't give a damn, I am not a smarter man  
Am G C  
So I'm gonna say some words I shouldn't

[Segunda Parte]

Am G C Am G C  
I had a dream I was falling, maybe that's a fucked up metaphor  
Am G C  
Maybe it just means, when I meet you in my dreams,  
Am G C  
Nothing stops me from going through the floor  
[Terceira Parte]

Am G C  
I know all the bad things about you  
Am G C  
But I still think you're the purest of our kind  
Am G C  
I remember being younger, with an awful pining hunger  
Am G C  
For a food that a boy could never find  
Am G C  
And a fear of a man so left behind  
[Quarta Parte]

Am G C  
How do I make you fall in love with me?  
Am G C  
Is it lost in the emptiness of apathy?  
Am G C  
Should I fight for it like war, should I nail it down to boards  
Am G C  
Or do I live in a love I'm dying for?

[Quinta Parte]

Am G C  
So I guess I'll just love you through the window  
Am G C  
While you're dancing with the charmers in the room  
Am G C  
And I'll slip out that door like I have a time before,  
Am G C  
And just let that lost loving loom.  
Am G C  
Just let that lost loving loom

## Acordes
