

## Zach Top - I Never Lie

```
She says Malibu is really great
                 tom:
                 Eb (forma dos acordes no tom de E )
                                                                                         Gbm7
                 Afinação: Eb Ab Db Gb Bb Eb
                                                                   Ain't decided if I'm going or not
        [Primeira Parte]
                                                                   But at the end of the day
Well, it's been sometime
                                                                    [Refrão]
You still look like an angel
                                                                    I sleep like a baby
I heard you're doing fine
                                                                    I never show up late for work
Got promoted back in April
                                                                    I don't drink whiskey
       Gbm7
And you met someone
                                                                    I don't know how it feels to hurt
Your dad says he's OK
                                                                   Ohh I ain't been lonely, since you said goodbye
         Gbm7
Well I've never been better
                                                                   Wish I could say I miss you, oh but you know I never lie
Things are goin' my way
[Refrão]
                                                                    (Dbm A E)
                                                                    [Ponte]
I sleep like a baby
                                                                              Gbm7
I never show up late for work
                                                                    Yeah I've never been better
I don't drink whiskey
                                                                    Things are going my way
                                                                    [Refrão Final]
I don't know how it feels to hurt
But I ain't been lonely, since you said goodbye
                                                                    I sleep like a baby
Wish I could say I miss you, oh but you know I never lie
                                                                   I never show up late for work
( E A E )
                                                                    I don't drink whiskey
[Segunda Parte]
                                                                    I don't know how it feels to hurt
                                                                   But I ain't been lonely, since you said goodbye
Now I've met somebody too
                                                                   Wish I could say I miss you, oh but you know I never lie
      Α
She's a model out in L.A
                                                                    [Final] E A E
And she's begging me to move
Acordes
      Eb
                    Ε
                                   AЬ
                                                 DЬ
                                                               GЬ
                                                                             вь
                                                                                          Dbn
                                                                                                                        Gbn7
