Intro: Am G F C F

Playin' a rodeo in Montana tonight  
 She's two thousand miles away  
 Says she loves me on the phone as she cries  
 Wishes I'd come home to stay

But I'm somewhere outside of Missoula  
 They just called my name from the stage  
 When we hung up she was talkin' leavin'  
 Now how am I supposed to sing and play  
 She's left me somewhere south of sanity  
 Still just north of insane

The show is over I tried twice to call her back  
 But no answer either time  
 My thoughts are racin' like a fast car 'round the track

Aw and I can't get her off my mind

And I'm somewhere outside Albuquerque  
 They just called my name from the stage  
 When we last talked she was talkin' leavin'  
 Now how am I supposed to sing and play  
 She's left me somewhere south of sanity  
 Still just north of

[Bridge]

Startin' to believe I might be losin' everything

Still I'm somewhere outside Amarillo  
 They just called my name from the stage  
 When we last talked she was talkin' leavin'  
 But I gotta show I gotta play  
 Somewhere south of sanity  
 Still just north of insane
