

Zach Williams - There Was Jesus

```
tom:
               Ab (forma dos acordes no tom de G )
Capostraste na 1ª casa
                G
Every time I tried to make it on my own
                                                                        Fm
Every time I tried to stand and start to fall
                                                              There was Jesus
            Cadd9
And all those lonely roads that I have travelled on
There was Jesus
When the life I built came crashing to the ground
                                                              Fm
When the friends I had were nowhere to be found
                                                              Jesus)
         Cadd9
I couldn't see it then but I can see it now
       G D
There was Jesus
In the waiting, in the searching
      Cadd9
In the healing and the hurting
Like a blessing buried in the broken pieces
                                                                     Cadd9
      Em
Every minute? every moment
         Cadd9
Where I've been and where I'm going
Even when I didn't know it or couldn't see it
There was Jesus
For this man who needs amazing kind of grace (mmm)
                                                                G
For forgiveness at a price I couldn't pay (mmm)
                                                                         Fm
                                                              There was Jesus
I'm not perfect so I thank God every day
                                                              Cadd9
                                                              There was Jesus
     G
There was Jesus (there was Jesus)
                                                                        D
                                                              There was Jesus
In the waiting? in the searching
                                                              There was Jesus
      Cadd9
