Zakk Wylde - Darkest Hour

Tom: D

```
   D                Bm
  Your crossroads have come
D                              Bm
  And as they knock upon your door
D               A
  Choices to be made
          Bm
  For this life in which you led
D                         G
  Will you leave or will you stay?

Em            G
  In your darkest hour
D                           A
  Tell me what's it gonna be?
          Em     G
  In your darkest hour
                  D     Bm
  Will you walk with me?
( D   Bm )

                D              Bm
  And what was certain becomes unclear
       D                                 Bm
  As the doubts of thomas whisper in your ear
     D
  And all that you knew
     A
  And all that you believe
    Bm
  Starts to fall away
              D            G
  Will you leave or will you stay?

Em            G
  In your darkest hour
D                           A
  Tell me what's it gonna be?
          Em     G
  In your darkest hour
D                    A
  Will you walk with me?
          Em     G
  In your darkest hour
                            D
  Tell me what's it gonna be?
