

Zara Larsson - Only You

Tom: **Ab**

Intro: **Db Bbm Fm Ab**

[Verso 1]

I don't wanna shower even if I stink
'Cause I don't wanna wash you off, wash you off my skin
It's been about an hour, and I'm still trembling, oh
Feelin' you deep, feelin' you deep within
Aye-eh-aye, aye-eh-aye

[Pre-Refrão 1]

Opened bottles on the drawer
Rolling papers on the floor
Aye, don't want no cigarette yet
Don't want no drink on my breath, yes
Wanna taste your taste the more
Feel you pourin' through my pores
Aye, I'm goin' back in my bed
To play it back in my head

[Refrão]

'Cause I can't love nobody like I love myself
Like I love myself, only you, aye
No one's ever touched me like I touch myself
No, nobody else, only you, only you
Only you

[Verso 2]

I feel you in my fingers, even in my toes
Steam up on the mirror and on the windows

Baby, that was it, wish it would never end
I just wanna do it, do it again

Aye-eh-aye, aye-eh-aye

[Pre-Refrão 2]

I can smell your smell so sweet
On my pillow, on my sheets
Aye, I wanna keep it like that
Keep on sleeping like that, yeah
Baby, you'll be hard to beat
What I have is yours to keep
Aye, I never wanted so bad
Best that I ever had

[Refrão]

No, I can't love nobody like I love myself
Like I love myself, only you, oh
No one's ever touched me like I touch myself
Oh, nobody else, only you

[Ponte]

Only you, only you
Only you, only you oh oh oh

[Refrão]

I can't love nobody like I love myself
Like I love myself, only you, only you
No one's ever touched me like I touch myself
No, nobody else, only you, only you
