

Zara Larsson - Uncover

Tom: **D**

Nobody sees, nobody knows **Bm** **G**

We are a secret, can't be exposed **D** **Gbm**

That's how it is, that's how it goes **Bm** **G**

Far from the others **D**

Close to eachother **A**

In the daylight, in the daylight **Bm**

When the sun is shining **G**

On a late night, on a late night **D**

When the moon is blinding **Gbm**

In the plain sight, plain sight **Bm**

Like stars in hiding **G**

You and I burn on, on **D** **A**

Put two and two - gether, forever **Bm**

We'll never change **G**

Two and two - gether **D**

We'll never change **A**

Nobody sees, nobody knows **Bm** **G**

We are a secret, can't be exposed **D** **Gbm**

That's how it is, that's how it goes **Bm** **G**

Far from the others **D**

Close to eachother **A**

That's when we uncover, cover, cover **Bm** **G**

That's when we uncover, cover, cover **D** **Gbm**

We could build a universe right here **Em** **Bm**

All the world could disappear **G**

Wouldn't notice, wouldn't care **D**

We could build a universe right here **Em** **Bm**

The world could disappear **G**

Yeah I just need you near **A**

Nobody sees, nobody knows **Bm** **G**

We are a secret, can't be exposed **D** **Gbm**

That's how it is, that's how it goes **Bm** **G**

Far from the others **D**

Close to eachother **Gbm**

That's when we uncover, cover, cover **Bm** **G**

That's when we uncover, cover, cover **D** **Gbm**

My asylum, my asylum **Bm**

Is in your arms **G**

When the world gives heavy burdens **D**

I can bare a thousand tons **Gbm**

On your shoulder, on your shoulder **Bm**

I can reach an endless sky **G**

Feels like paradise **D** **Gbm**

Put two and two - gether, forever **Bm**

We'll never change **G**

Two and two - gether **D**

We'll never change **Gbm**

Nobody sees, nobody knows **Bm** **G**

We are a secret, can't be exposed **D** **Gbm**

That's how it is, that's how it goes **Bm** **G**

Far from the others **D**

Close to eachother **Gbm**

That's when we uncover, cover, cover **Bm** **G**

That's when we uncover, cover, cover **D** **Gbm**

We could build a universe right here **Em** **Bm**

All the world could disappear **G**

Wouldn't notice, wouldn't care **D**

That's when we uncover
