

# Zayn Malik - Something In The Water

tom:

Intro: Em Bm C G

[Refrão]

Must be somethin' in the water  
 I can feel you in the atmosphere  
 Don't say much until we speak in tongues

One on one  
 Swear you flowin' through my blood  
 Must be somethin' in the water

[Primeira Parte]

Am I goin' out my mind?  
 Said it was the last, last two or three times  
 Spent the whole day till we woke up last night  
 Nothing's makin' sense no more

[Pré-Refrão]

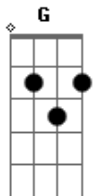

Em Caught a glimpse of you gaze, I was frozen  
 D Got a grip on my heart, now it's stolen  
 Em Had a lock on the door, now it's open, now oh-oh-oh

[Refrão]

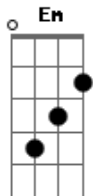

Must be somethin' in the water  
 I can feel you in the atmosphere  
 Don't say much until we speak in tongues

One on one  
 Swear you flowin' through my blood  
 Must be somethin' in the water  
 On the edge until you pull me in  
 Got me drippin' in that old school love  
 Pour me some, feelings got me goin' numb

[Pós-Refrão]

Must be somethin' in the water, in the water  
 Must be somethin' in the water, in the water  
 Ooh-ooh, ooh-ooh  
 (Water)

[Segunda Parte]

I might let myself sink  
 Deep into the bottom, can't hear myself think  
 'Cause all I wanna hear is your voice  
 Pull me out of that void  
 It's an instinct, I don't have a choice tonight  
 You got my heart doin' things it don't do  
 But I'm not gon' fight it  
 You're in control, just show me what to do  
 I'm not afraid

[Refrão]

Must be somethin' in the water  
 I can feel you in the atmosphere  
 Don't say much until we speak in tongues

One on one  
 Swear you flowin' through my blood  
 Must be somethin' in the water  
 On the edge until you pull me in  
 Got me drippin' in that old school love  
 Pour me some, feelings got me goin' numb

[Pós-Refrão]

Must be somethin' in the water, in the water  
 Must be somethin' in the water, in the water
