

Zendaya - Finding Neverland

Tom: D

Whenever I was frightened Or ever felt alone
I turned to the night sky And a star I call my own
Somewhere I could run to Just across the Milky Way
If you like I could take you It's just a light-year and a day

We can sail away tonight On a sea of pure moonlight
We can navigate the stars Bring us back home
In a place so far away We'll be young that's how we'll stay
Every wish is a command When we find ourselves in Never
Never land

Through all my make-believe There's some reality
In your reflection There's much more than you see
All that you hope for You hope for today
Is the love someone gives you In an unconditional way

We can sail away tonight On a sea of pure moonlight
We can navigate the stars Bring us back home
In a place so far away We'll be young that's how we'll stay
Every wish is a command When we find ourselves in Never
Never land

Picture a land you never have seen
Life is eternal and evergreen
Future of happiness all in your hands
All in this place I created That I call Never Land

We can sail away tonight On a sea of pure moonlight
We can navigate the stars Bring us back home
In a place so far away We'll be young that's how we'll stay
And with your hand in my hand I am closer now
To finding Never Land
And with your hand in my hand I am closer now
To finding Never Land Never Land Never Land
