

# ZHIEND - Fallin'

Tom: E

m Looking up high found a steel tower  
Wondering how I would feel if I fall down  
Was it a dream?  
I saw deep red

C D G Em  
Chasing, for what's far ahead  
C D G Em  
Always yearning, don't know why but the  
C D G Em  
beauty I really want  
C D G G Em  
May seem to be awkward to someone's eyes

Looking down below from top of the tower  
Fear takes over my heart  
And my knees won't stop shaking  
Then I realize, I'm falling down

C D G Em  
Why do the things I have loved  
C D G Em

Always breaking don't know why but the  
C D G Em  
Beauty, I really want  
C D G G Em  
May seem to be ugly to someone's eyes

C D G Em  
Chasing, for what's far ahead  
C D G Em  
Always yearning, don't know why but the  
C D G Em  
Beauty I really want  
C D G Em C  
May seem to be little crazy in sight

C D G Em  
And now I'd be flying high  
C D G Em  
To the sky, Lifting me to the  
C D G Em  
Yonder, Something brought me here  
C D G G Em  
So far from home but I'm not cold at all
