

# Zhu - Money

tom:

Intro: Bm A Em Bm A Bm

Two should combine, be true to your heart

You can believe in me

So take out your gun

The things that could do

We can build from the start

Will you trust in me?

( Bm A Em Bm A )

[Refrão]

Bm Money, no, I don't need no money, no

I mean, it's just money

It don't mean a thing without you

Bm A Em Bm A

Bm In the middle of the night, when the mood is right

And the moon is bright, we can give ourselves to the wild

Give it up to the wild

Bm When we're working from this high and you're by my side

Look in my eyes, we can start a whole new life

A whole new life

Bm So take out your gun
