                        tom:
                    A

               G              D
Va pensiero sull'ali dorate
          G                      D
Cross the mountains then fly over the oceans
          G                          D
Reach the land find the place where all children go
        G        D        G  D        G
Every night after listening to this lullaby
          A7
There you'll find their heroes alive
                        D
Protecting their innocence
   G        D                       A
Bless them all 'cause their simple soul
                      D
Is so pure and wonderful

          G               D
Va pensiero sull'ali dorate
               G                    D              G

Let this beautiful dream carry on for all night long
                      D                          D
Lend them your golden wings every fear will fly away
                                              G   D
Take them by the hand help them find an easy way

Lead them back to the light, back to the light
                        G        D
Where they once used to belong
                            G                D
Where they can remain children as long as they want

          G               D
Va pensiero sull'ali dorate
               G                    D
Cross the mountains then fly over the oceans
          G                          D
Reach the land find the place where all children go
        G        D        G  D        G
Every night after listening to this lullaby
        G        D        G  D    C G
Every night after listening to this lullaby
